ORE OFFICE MEMORANDUM

EPB NOTICE No. 4-49

21 December 1949

As a consequence of the review of comments received in response to paragraph 3 of EPB Notice No. 2-49, the agenda for the EPB meeting of 21 December 1949 will include:

- a. Discussion of coordination of the D/FE production plan in ORE, so that it may be forwarded without delay for IAC coordination and action.
- b. Discussion of the question of whether a global ORE concept (for national intelligence production planning) should be evolved to serve as a guide for individual regional concepts, or whether the prior development of regional concepts is a prerequisite to forming a balanced global concept.
